EDUCATION

Sri Ramachandra Faculty of Engineering and Technology Chennai, Tamil Nadu
B.Tech in AI & Data Analytics | CGPA: 7.3 / 10.0 Aug 2024 – May 2028 (Expected)
Relevant Coursework: Data Structures & Algorithms, Programming in Python, Engineering Mathematics, Machine Learning Fundamentals

Agurchand Manmull Jain School Chennai, Tamil Nadu
Class XII – State Board | Percentage: Awaited Graduated: May 2025

TECHNICAL SKILLS

Languages:	Python, C, HTML, CSS
AI / ML Tools:	DaVinci Resolve AI, ChatGPT, Gemini, Claude, Perplexity
Web:	HTML, CSS (Portfolio development)
Tools:	Microsoft Excel, Git, GitHub, Google Colab, VS Code
Concepts:	Data Structures & Algorithms, OOP, Basic Machine Learning

PROJECTS

Personal Portfolio Website | HTML, CSS 2025

- Designed and developed a personal portfolio website from scratch using HTML and CSS to showcase projects, skills, and background.
- Implemented a responsive layout with clean UI/UX to ensure compatibility across desktop and mobile browsers.
- Independently planned, designed, and deployed the entire site, demonstrating self-driven learning outside the curriculum.

AI Fake News Detector | Python, NLP, Machine Learning 2025

- Led a school group project to build an AI-powered fake news detection tool aimed at identifying misinformation in online articles.
- Coordinated team responsibilities including research, implementation, and presentation — managing the full project lifecycle from ideation to demo.
- Applied natural language processing concepts to classify news content as real or fake, gaining hands-on exposure to ML-based classification workflows.

ACHIEVEMENTS & CERTIFICATIONS

- Currently pursuing B.Tech in AI & Data Analytics at Sri Ramachandra Faculty of Engineering and Technology, one of the premier medical universities in South India.
- Led school-level group project on AI Fake News Detection, demonstrating initiative and team leadership skills in Class XII.
- Self-taught HTML & CSS to build a fully functional portfolio website, showcasing proactive skill development beyond classroom learning.

POSITIONS OF RESPONSIBILITY

- Project Lead, AI Fake News Detector (School Group Project) – Organised team of students, delegated tasks, and led end-to-end development and presentation of the project. | 2025

Open to internships, research projects, and collaborative opportunities.
